SA's Private Hospitals and Day Clinics database now with information never before published...

NOW WITH 200 day clinics & 220 private hospitals

The most powerful contacts in private hospitals and day clinics are just a mouse click away...

Don't you sometimes feel that **your market is getting away from you**? Wouldn't it be powerful to have the most recent **electronic database of private hospitals and day clinics**?

Then **you would know** how to get the **most from your marketing efforts**. With this electronic database you'll be able to mail-merge letters and promotional material directly to the **most important people in your market - by name**! **Analysis and research would be simple**. You would have access to the latest information such as the number of hospitals in the country; where they are located; **their size including medical, surgical and speciality beds**; who owns them; **the names and contact details of the key staff; their facilities and satellite practices, contracted services, date of official launch**, and so much more – all with a simple click of your mouse.

Wilbury & Claymore, the publishers of *Medical Chronicle* and *Healthcare Review*, now offers you **all this information at a very low price**.

All data have been accurately captured and checked. **Just open it as an Excel spreadsheet and you're ready to go**. The **2009 edition has been completely updated incorporating the latest available information** from all hospitals and clinics in South Africa.

You receive **hard-to-obtain information on 220 private hospitals and 200 day clinics**, including information on managers, matrons/nursing services manager, specialist sisters, pharmacists, case managers, financial managers, public relations managers and many more (22 categories). The data includes **number theatres and practised specialities per hospital**, as well as contact details of the pharmacies, radiologists and pathologists. The **names of contracted services at the hospital such as security, catering, laundry, coffee shop, medical gases, garden services, waste and many more** (110 categories), are also included in the database.

And best of all, our annual updates guarantee that you'll always have current information.**Why wait - get onto it right away.**
